I love looking Glass Apartments!!!! I lived here last year and love it.

Unfortunately, this year I moved into [REDACTED] in search of a change in Atmosphere...and I am miserable.

[REDACTED] is student run and nothing ever gets taken care of. I have had a broken light for a month! I miss

looking Glass. they took care of my roommate <sup>and I</sup> so well. I hope to move back here next year and be a resident of a business that cares about their customers and their names.

Thank you looking Glass for being so efficient!
